Contents

New Series, Vol. XLV, No. 177 January 1976

Necrosis, Haemorrhage and Complement Depletion Following Bites by the Spitting Cobra (*Naja nigricollis*). By D. A. Warrell, B. M. Greenwood, N. McD. Davidson, and C. R. M. Prentice 1

The Nature and Incidence of Cryoproteins in Hepatitis B Antigen (Hb_sAg) Positive Patients. By Rawle M. McIntosh, Michael N. Koss, and David J. Gocke 23

Intestinal Lymphangiectasia: the Variability of Presentation: A Study of Five Cases. By Susan H. Roberts and Adrian P. Douglas 39

Urate Kinetics in Hypoxanthine-Guanine Phosphoribosyltransferase Deficiency: Their Significance for the Understanding of Gout. By B. T. Emmerson, R. B. Gordon, and L. A. Johnson 49

Effect of Concomitantly Administered Drugs on the Control of Long Term Anticoagulant Therapy. By J. R. B. Williams, J. P. Griffin, and Anne Parkins 63

Serum Ionized Calcium and Parathyroid Hormone in Renal Stone Disease. By F. P. Muldowney, R. Freaney, J. P. McMullin, R. P. Towers, A. Spillane, P. O'Connor, P. O'Donohoe, and M. Moloney 75

Diaphragm Function and Alveolar Hypoventilation. By J. Newsom Davis, M. Goldman, L. Loh, and M. Casson 87

The Haematology of Hypothyroidism. By L. Horton, R. J. Coburn, J. M. England, and R. L. Himsworth 101

Idiopathic Oedema of Women. By O. M. Edwards and R. I. S. Bayliss 125

A Study of the Endocrine Manifestations of Hepatic Cirrhosis. By H. W. G. Baker, H. G. Burger, D. M. de Kretser, A. Dulmanis, B. Hudson, S. O'Connor, C. A. Paulsen, N. Purcell, G. C. Rennie, C. S. Seah, H. P. Taft, and C. Wang 145

No. 178, April 1976

Paracetamol Overdose in Man: Relationship between Pattern of Urinary Metabolites and Severity of Liver Damage. By M. Davis, C. J. Simmons, N. G. Harrisson, and Roger Williams 181

Chronic Q Fever. By W. P. G. Turck, G. Howitt, L. A. Turnberg, H. Fox, M. Longson, M. B. Matthews, and R. Das Gupta 193
Familial Pulmonary Fibrosis Associated with Oculocutaneous Albinism and Platelet Function Defect: A New Syndrome. By Brian H. Davies and E. G. D. Tuddenham 219
Fibrogenesis Imperfecta Ossium. By C. H. J. Swan, K. Shah, D. B. Brewer, and W. T. Cooke 233
Clinical and Immunological Aspects of Cutaneous Vasculitis. By J. J. Cream 255
The Treatment of Refractory Anaemia of Chronic Renal Failure with Cobalt Chloride. By J. M. Duckham and H. A. Lee 277
Studies in Whole Body Potassium and Whole Body Nitrogen in Newly Diagnosed Diabetics. By C. H. Walsh, N. G. Soler, H. James, T. C. Harvey, B. J. Thomas, J. H. Fremlin, M. G. Fitzgerald, and J. M. Malins 295
Congenital Malformations in Infants of Diabetic Mothers. By N. G. Soler, C. H. Walsh, and J. M. Malins 303
A Prospective Study of Patients with Radiological Pyelonephritis, Papillary Necrosis and Obstructive Atrophy. By P. E. Gower 315
Alpha-1-antitrypsin Deficiency and Liver Disease in Adults. By D. R. Triger, G. H. Millward-Sadler, A. A. Czaykowski, J. Trowell, and Ralph Wright 351

No. 179, July 1976

Central Pontine Myelinolysis. By B. E. Tomlinson, A. M. Pierides, and W. G. Bradley 373
Hypophosphataemic Osteomalacia and Fanconi Syndrome of Adult Onset with Dominant Inheritance. By R. Smith, R. H. Lindenbaum, and R. J. Walton 387
Renal Abnormalities and Vascular Complications in Primary Hyperaldosteronism. Evidence on Tertiary Hyperaldosteronism. By D. G. Beevers, J. J. Brown, J. B. Ferriss, R. Fraser, A. F. Lever, J. I. S. Robertson, and M. Tree 401
Hypophosphataemic Osteomalacia in Fibrous Dysplasia. By C. E. Dent and J. M. Gertner 411
Serum Ionized Calcium in Nephrotic Syndrome. By P. Lim, E. Jacob, L. F. Chio, and H. S. Pwee 421
The Clinical Aspects of Mesothelioma. By P. C. Elmes and Marion J. C. Simpson 427
Variables Discriminating Between Cryptogenic Glomerular Lesions in Adults with the Nephrotic Syndrome. By Michael J. World 451

Potassium Supplements in Patients Receiving Long-Term Diuretics for Oedema. By D. H. Lawson, K. Boddy, J. M. B. Gray, M. Mahaffey, and E. Mills 469

Cystic Fibrosis in Adolescents and Adults. By P. Mitchell-Heggs, M. Mearns, and J. C. Batten 479

Recessive Inheritance of Diabetes: The Syndrome of Diabetes Insipidus, Diabetes Mellitus, Optic Atrophy and Deafness. By M. McB. Page, A. C. Asmal, and C. R. W. Edwards 505

No. 180, October 1976

Clinical, Biological and Pathogenic Features of the Syndrome of Inappropriate Secretion of Antidiuretic Hormone. By A. de Troyer and J. C. Demanet 521

A Study of the Factors Influencing Mortality Rates from Gastrointestinal Haemorrhage. By Robert Allan and Peter Dykes 533

Paraquat Poisoning: New Aspects of Therapy. By R. D. Fairshter, S. M. Rosen, W. R. Smith, F. L. Glauser, D. M. McRae, and A. F. Wilson 551

Familial Aspects of Coeliac Disease. By P. L. Stokes, R. Ferguson, G. K. T. Holmes, and W. T. Cooke 567

Pneumococcal Meningitis: A Clinical and Laboratory Study. By Peter Tugwell, Brian M. Greenwood, and David A. Warrell 583

Positive Skin Reactions to Gluten in Coeliac Disease. By P. G. Baker and A. E. Read 603

Long Term Results of Venesection Therapy in Idiopathic Haemochromatosis. By Adrian Bomford and Roger Williams 611

Upper Airway Obstruction—A Report on Sixteen Patients. By B. D. W. Harrison 625

Dysfibrinogenaemia and Primary Hepato-Cellular Carcinoma. By R. D. Barr, N. Ouna, J. G. Simpson, and A. F. Bagshawe 647

Penicillamine Nephropathy in Rheumatoid Arthritis. By P. A. Bacon, C. R. Tribe, J. C. Mackenzie, J. Verrier Jones, R. H. Cumming, and B. Amer 661

The Association of Physicians of Great Britain and Ireland 1976 Seventieth Annual General Meeting 685

WRIGHT, RALPH. Alpha-1-antitrypsin Deficiency and Liver Disease in Adults 351

Index

Airway obstruction, upper—report on sixteen patients, 625
Alpha-1-antitrypsin deficiency and liver disease in adults, 351
Alveolar hypoventilation, diaphragm function and, 87
Anaemia, refractory, treatment of, of chronic renal failure with cobalt chloride, 277
Anticoagulent therapy, long term, effect of concomitantly administered drugs on control of, 63
Antidiuretic hormone, clinical, biological and pathogenic features of syndrome of inappropriate secretion of, 521
Arthritis, rheumatoid, penicillamine nephropathy in, 661

Bites by spitting cobra (*Naja nigricollis*), necrosis, haemorrhage and complement depletion following, 1

Carcinoma, primary hepatocellular, dysfibrinogenaemia and, 647
Cirrhosis, hepatic, endocrine manifestations of, 145
Coeliac disease, familial aspects of, 567
Coeliac disease, positive skin reactions to gluten in, 603
Congenital malformations in infants of diabetic mothers, 303
Cryoproteins, nature and incidence of, in hepatitis B antigen (Hb_sAg) positive patients, 23
Cystic fibrosis in adolescents and adults, 479

Diabetes, recessive inheritance of: syndrome of diabetes insipidus, diabetes mellitus, optic atrophy and deafness, 505
Diabetic mothers, congenital malformations in infants of, 303
Diabetics, newly diagnosed, whole body potassium and whole body nitrogen in, 295
Diaphragm function and alveolar hypoventilation, 87
Dysfibrinogenaemia and primary hepatocellular carcinoma, 647
Dysplasia, fibrous, hypophosphataemic osteomalacia in, 411

Fanconi syndrome, of adult onset, hypophosphataemic osteomalacia and, with dominant inheritance, 387
Fibrogenesis imperfecta ossium, 233
Fibrosis, cystic, in adolescents and adults, 479
Fibrosis, familial pulmonary, associated with oculocutaneous albinism and platelet function defect: new syndrome, 219

Gastrointestinal haemorrhage, factors influencing mortality rates from, 533
Gout, urate kinetics in hypoxanthine-guanine phosphoribosyltransferase deficiency; their significance for understanding of, 49

Haemochromatosis, ideopathic, long-term venesection therapy in, 611
Haemorrhage, gastrointestinal, factors influencing mortality rates from, 533
Hepatic cirrhosis, endocrine manifestations of, 145
Hepatitis B antigen (Hb_sAg) positive patients, nature and incidence of cryoproteins in, 23
Hepato-cellular carcinoma, primary dysfibrinogenaemia and, 647
Hyperaldosteronism, primary, renal abnormalities and vascular complications in. Evidence on tertiary hyperaldosteronism, 401
Hypothyroidism, haematology of, 101
Hypoventilation, alveolar, diaphragm function and, 87

Liver damage, relationship between pattern of urinary metabolites and severity of: paracetamol overdose in man, 181
Liver disease in adults, alpha-1-antitrypsin deficiency and, 351
Lymphangiectasia, intestinal: variability of presentation. Study of five cases, 39

Meningitis, pneumococcal: clinical and laboratory study, 583

Mesothelioma, clinical aspects of, 427
Myelinolysis, central pontine, 373

Nephrotic syndrome, serum ionized calcium in, 421
Nephrotic syndrome, variables discriminating between cryptogenic glomerular lesions in adults with, 451
Nephropathy, penicillamine, in rheumatoid arthritis, 661

Oedema, idiopathic, of women, 125
Oedema, potassium supplements in patients receiving long-term diuretics for, 469
Osteomalacia, hypophosphataemic, and Fanconi syndrome of adult onset with dominant inheritance, 387
Osteomalacia, hypophosphataemic, in fibrous dysplasia, 411

Paracetamol overdose in man: relationship between pattern of urinary metabolites and severity of liver damage, 181
Paraquat poisoning: new aspects of therapy, 551
Parathyroid hormone in renal stone disease, serum ionized calcium and, 75
Pulmonary fibrosis, familial, associated with oculocutaneous albinism and platelet function defect: new syndrome, 219
Pyelonephritis, radiological, papillary necrosis and obstructive atrophy, prospective study of patients with, 315

Q fever, chronic, 193

Renal failure, chronic, treatment of refractory anaemia of, with cobalt chloride, 277
Renal stone disease, serum ionized calcium and parathyroid hormone in, 75

Vasculitis, cutaneous, clinical and immunological aspects of, 255
